To ensure the privacy of your personal information, we've outlined best practices below to help you keep your information safe:

➢ **Recognize Phishing Text Messages**
  o The Riverside Express will **never** ask for payment using text messages.
  o Look for common signs of phishing texts which include:
    ▪ Urgent and alarming language.
    ▪ Request for personal and financial information.
    ▪ Look out for international sender numbers.
  o Always double check website URLs before entering any personal information.
  o Avoid opening attachments from unknown senders.

➢ **Use Strong Passwords**
  o Make your passwords at least 8 characters long.
  o Use complex passwords with upper/lower-case letters, numbers, and symbols.
  o Do not share your password.

➢ **Monitor Your Account**
  o Regularly review your account details to ensure accuracy, including credit card information, vehicle and license plate numbers, contact details, and statement charges to verify all tolls and fees are correct.
